

ADVERTISEMENT FOR DESIGN ASSIST SUBCONTRACTORS

PREQUALIFICATION

Design-Assist Deep Foundations (A, C-8, or D30)

Design-Assist Structural Steel & Stairs (C51)

Design-Assist Metal Framing & Drywall (B or C-9)

Design-Assist LINAC Vault Lead (B)

Subject to conditions prescribed by the University of California, San Francisco Medical Center (University) and Rudolph and Sletten, Inc., responses to the prequalification documents are sought from Proposers (See Bid Packages below) for the following Project:

PRECISION CANCER MEDICINE BUILDING (PCMB) AT MISSION BAY

Project No.: 15-870; R&S Job No.: 10576600

UNIVERSITY OF CALIFORNIA, SAN FRANCISCO MEDICAL CENTER

Prequalification of Prospective Proposers

The University has entered into a Design Build contract with Rudolph and Sletten, Inc. for this project. Rudolph and Sletten, Inc. is conducting the prequalification process for the Design-Assist trades for this project. This prequalification is for Phases 1 and 2 Preconstruction, which incorporates, design, engineering, preconstruction and BIM and Phase 3 Construction. The Proposers, who after selection, will assume the role of a design assist subcontractor. The Design Assist Subcontract will require the successful Proposer to enter into the contract and to provide both design assist and construction services. The University's primary objective in utilizing the Design-Assist approach is to bring the best available integrated design expertise and construction experiences to this Project. The University and Rudolph and Sletten, Inc. has determined that proposers for Design-Assist trades on this project must be prequalified to be eligible to participate in the Request for Proposal (RFP) process. Proposers will be required to have the California contractor's license(s), as applicable to each bid package scope of work.

General Description of the Project

Design and build a new Precision Cancer Medicine Building (PCMB) at Mission Bay. The PCMB will be devoted to UCSF's precision cancer program, including cancer specialty clinics, infusion center, radiation oncology therapy, pharmacy, lab, MRI, LINAC and other related programs. The building is proposed to be six (6) stories and approximately 170,000 GSF. The site is located at the corner of 3rd Street and 16th Street in San Francisco, CA. The building will be physically connected to the existing UCSF Ron Conway Family Gateway Medical Building (Gateway Medical Building) and will share a lobby. Currently, one existing linear accelerator in the Gateway Medical Building is located within the PCMB site. The PCMB's utilities will be partly fed from the existing Energy Center, which is under OSHPD jurisdiction.

A Target Cost will be established for each trade bid package when the Request for Proposal (RFP) is issued and will be included as the maximum amount the University will spend on the Project. The estimated construction cost with fees (specific to scope) is as follows:

Bid Packages (BPs)

BP Name	Value	License Requirement
3A - Deep Foundations	\$1,260,000	A, C-8, or D30
3B - Structural Steel & Stairs	\$5,300,000	C51
3C - Metal Framing & Drywall	\$8,000,000	B or C-9
3E - LINAC Vault Lead	\$387,000	B

Design-Assist Process

The successful Proposers will provide assistance during the Preliminary Design, Detailed Design and will be responsible to provide a complete set of Construction Documents for the project. All trade packages will include construction coordination drawings as well as engineering calculations, necessary for a complete Project. Additionally, the successful Proposers shall be responsible for performing all work required to construct the Project as described and specified in the Contract Documents.

The Project will require the Design Assist team, all design consultants, and other subcontractors working on the Project to be partially co-located for the duration of their work at the UCSF Integrated Center for Design and Construction (ICDC), 601-16th Street, San Francisco, CA 94158 on the Mission Bay Campus.

Prequalification Schedule

Prequalification documents will be available electronically beginning Tuesday, November 22, 2016 through:

R&S Fax: (949)252-1393 or Email: subqual@rsconst.com

Please reference Project No. 15-870 UCSF PCMB in the subject line and include the following information: Company name, CA contractor's license number, prequalification contact phone number, prequalification contact email address and the Bid Package(s) prequalifying for.

By Wednesday, November 30 2016 at 4 PM., **submit a completed Prequalification Package** with the required attachments via the prequalification module (preferred method), via eMail: subqual@rsconst.com, fax: to (949) 252-1393 *or* Mail to Rudolph and Sletten, Inc. Attention: Ernie Duran, 601-16th Street, San Francisco, CA 94158. If mailing or hand delivery, the envelope must clearly identify the Bid Package that you are requesting prequalification for.

Any person or entity not satisfied with the outcome of the prequalification must file a writ challenging the outcome within 10 calendar days from the date of the Rudolph and Sletten's written notice regarding prequalification determination. Any assertion that the outcome of the prequalification process was improper will not be a ground for a bid protest. However, Rudolph and Sletten, Inc. and the University reserves the right to accept late submissions and to request, receive, and evaluate supplemental information under prequalification after the above time and date at its sole determination.

The dates, times, and location set for receiving and opening proposals will be set forth in the Announcement to Prequalified Proposers and Advertisement for Proposals.

Prequalification Policies

Rudolph and Sletten, Inc. and the University reserves the right to reject any or all responses to the Prequalification Questionnaire and to waive non-material irregularities in any response received.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Proposer may be required to show evidence of its equal employment opportunity policy. The successful Proposers and its subcontractors will be required to follow the nondiscrimination requirements set forth in the Request for Proposal Documents and to pay prevailing wage at the location of the work.

The work described in the contract is a public work subject to section 1771 of the California Labor Code.

No contractor or subcontractor, regardless of tier, may be listed on a Proposal for, or engage in the performance of, any portion of this Project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 and 1771.1.

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

The successful Prequalified Proposer shall pay all persons providing construction services and/or any labor on site, including any University location, no less than the UC Fair Wage (defined as, \$14 per hour as of 10/1/16, and \$15 per hour as of 10/1/17) and shall comply with all applicable federal, state and local working condition requirements

All information submitted for prequalification evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.
