Project Website <http://projects.rsconstruction.com/laUSD-burroughs-middle-school-comprehensive-modernization-project/>

Rudolph and Sletten, Inc. (R&S) cordially invites you to learn how to become a part of our winning team. The business outreach event for small and historically underutilized contractors is focused on forging relationships with, including but not limited to, businesses certified by **the California Department of General Services, City of Los Angeles, County of Los Angeles Department of Business and Consumer Affairs, or Metropolitan Transportation Authority as Local Business Enterprise (LBE), Small Business Enterprise (SBE) and Disabled Veteran Business Enterprise (DVBE).**

The event is an opportunity to meet R&S preconstruction and construction project team members, and network with prospective prequalified specialty trade contractors. Project-specific mandatory and general prequalification opportunities with R&S will be detailed further at the event.

The **Burroughs Middle School Comprehensive Modernization Project** includes the construction of new buildings and the seismic renovation of existing buildings across the 337,000 sqft campus. Start of Construction is **July 2021**. The total estimated Subcontract range including all Subcontract options is **\$180 million**.

SCOPE OF WORK INCLUDES, BUT NOT LIMITED TO:

AC Paving	Glazing	Rebar
