

Small Contractor Opportunity Forum

Harbor Teacher Preparation Academy, Mission Central Plant, Firestone Demo and West LA CIP

Thursday, April 2, 2015 10:00 AM – 12:30 PM

Los Angeles Trade Technical College

400 W. Washington Blvd.
Aspen Hall, Room 101
Los Angeles, CA 90015

Join us at the Los Angeles Community College District's Small Contractor Opportunity Forum to connect the shortlisted prime contractors of four upcoming projects to Local, Small, Emerging, Disabled Veteran (LSEDV) contractors. Over 10 prime contractors will be present to share their sub-contractor selection process as they finalize their cost proposals for these LACCD projects. Collectively these projects are valued at approximately \$65 million and contain a 30% LSEDV participation goal. Also come learn about other upcoming projects and resources to help your company compete and grow on the \$6.2 billion community college facilities improvement program.
