

Get Involved in Prop R Construction Projects!

Event Description

All businesses in the construction industry are invited to join us for a free networking and outreach event that will discuss how to participate in upcoming Proposition R projects and meet representatives from the Prop R team, the trade unions, and the three construction management firms. The construction management firms will be present to discuss bid packages and explain the bidding process and requirements for their respective Prop R projects.

Collectively these project are valued at approximately \$121.5M and contain a Community Benefits Agreement (CBA) with Local Worker Hiring initiatives, as well as Small and Local Business considerations. Join us to learn more about specific specialty trade opportunities so that you can better position your firm to get involved in these projects.
